F. Sample copies of ALL forms in the Forms Management System were reviewed by the OP offices primarily responsible for the forms. The forms, including "bootleg" forms, were reviewed for selecting those which require submission of personal information by an individual. The forms selected by the responsible office were left for completion of Form 3810, Privacy Act, Personal Data Solicitation Notification. The major problems encountered were the uncertain status of acknowledgement forms and forms which require signature only, as they pertain to the Act. Such items are being referred to DDA/Forms Management Officer for clarification--responses from DDA/FMO are not particularly illuminating. Completed forms from OP offices must be returned to OP/RMO ASAP in order to meet the deadline date of 18 August set by ISAS.
